VIT BHOPAL

README FILE

It is my VITyarthi Digital Literacy Project

Student Details:

Name: Chhavi Sharma

Registration Number: 25BCE10242

Branch: Computer Science (Core) Year: 2025-2029

Course: Digital Literacy (CSE0001)

Project Overview:

This repository contains my Digital Literacy Portfolio developed as part of the CSE0001 course. The objective of this project is to enhance digital awareness,

professional communication, online safety, and collaboration skills. The project consists of five tasks, each focusing on different aspects of digital literacy. All tasks are organized into separate folders with relevant files, screenshots, and reflections.

Digital Literacy Project Structure:

README.md

Project_Report.pdf

Task 1-Digital Literacy Awareness Infographic

Task 2-Student Digital Portfolio

Task 3-Coding And Collaboration Platforms

Task 4-Professional Email and Etiquette Guide

Task 5-Cybercrime Awareness Case Study and Prevention Guide

Task 1 – Digital Literacy Awareness Infographic:

Objective: Create a one-page infographic explaining digital literacy.

Tool Used: Canva

Description: I designed an infographic highlighting safe internet practices, useful digital tools for students, and

the importance of maintaining a professional online presence. The infographic aims to create awareness among students about responsible digital behaviour.

Files Included: Infographic image/PDF Brief description

Task 2 – Student Digital Portfolio

Platforms Used: GitHub LinkedIn Kaggle

Description: I created professional profiles on the above platforms. These profiles include my academic details, learning goals, and professional interests. The purpose is to build a strong digital presence and use these platforms for networking and skill development.

Files Included: Profile screenshots Reflection notes

Task 3 – Coding & Collaboration Platforms

Coding Platform Used: Hacker Rank

Description: I completed a beginner-level coding challenge to improve my problem-solving skills. Additionally, I created a Google Form quiz on digital literacy topics to test awareness among classmates.

Files Included: Coding challenge screenshot Google Form screenshot Response sheet screenshot

Task 4 – Professional Email & Etiquette

Description: This task includes two professional emails:

1. Request for assignment deadline extension
2. Internship inquiry email

I also created a social media Do's and Don'ts checklist to promote responsible digital communication.

Files Included: Email drafts Social media checklist Communication scenario write-up

Task 5 – Cybercrime Awareness Case Study

Cybercrime Topic: Cyberbullying

Description: I prepared a case study explaining the selected cybercrime, how it occurs, who is targeted, and its consequences. I also created a prevention checklist with safety tips and reporting information.

Files Included: Case study document Prevention checklist

Tools & Platforms Used: Canva GitHub LinkedIn Kaggle Hacker Rank Google Forms

Learning Outcome: Through this project, I learned how to:

1. Create digital awareness content
2. Build professional online profiles
3. Use coding platforms
4. Write professional emails
5. Understand cybercrime and online safety

This project improved my digital communication, collaboration, and online professionalism skills.
